

DocuChat MedReview — Sample Report

Topic: SGLT2 inhibitors and heart failure outcomes (example)

Generated: 2025-12-17 00:54

What this is

This is a sample PDF layout generated by the repo. When you run **generate_report.py**, it will produce a full mini-review + a claim-evidence table based on retrieved PubMed abstracts.

Not medical advice

This review summarizes current research findings and is not a substitute for professional medical consultation. Clinical decisions should be based on a comprehensive evaluation of individual patient circumstances and current clinical guidelines.
